Message from the Minister

Every year the Saskatchewan public sector purchases goods and services worth several billion dollars. This represents a very significant market for Saskatchewan manufacturers and suppliers, especially at a time when public sector purchasing agents are making the Buy Saskatchewan initiative a top priority.

This fourth edition of the Public Sector Purchasers Directory is designed to assist those interested in selling to the public sector, by providing up-to-date contact names, addresses and phone numbers of the appropriate people to contact.

The Directory includes information on provincial and federal departments, crown corporations, municipal governments, hospitals, special care homes, school divisions, universities, technical institutes, libraries, regional colleges, and Saskatchewan municipalities.

I encourage you to make optimal use of this directory to help you access this important market.

If you require further assistance or information on selling to the public or private sector markets, please feel free to contact the Buy Saskatchewan Agency in Regina at 787-2206 or in Saskatoon at 933-5754.

SASKATCHEWAN HEALTH CARE SERVICES

HOSPITALS

The Saskatchewan Health Care Association does some central purchasing to meet the ongoing needs of Saskatchewan's hospitals. Each hospital listed here alphabetically by location, does additional purchasing to meet its own special requirements.

Suppliers are also welcome to exhibit their health care products to hospital purchasers at their annual November convention. For more information, contact the Director of Purchasing Services.
